THE JAPANESE
HYDROGEN
BALLOON
BOMBS, AND
ME...

Discover the origins and operations of the Japanese balloon bomb attacks on western North America in 1944-45, and the reactions from the American and Canadian governments. A very unique lecture by someone who saw it happen live! A fascinating multimedia presentation, not to be missed!

Bill Cameron is a former radio operator, agent, flight dispatcher and general manager of Canadian Pacific Air Lines. After his retirement, he became a consultant for the airline industry. His hobbies include scale modelling, amateur radio and aviation research / publishing.
