THERE SHALL BE WINGS !

The Canadian Aircraft Industry 1938 - 45

Enjoy a lively multimedia analysis of the remarkable growth of the Canadian aircraft industry during the Second World War. Learn how technology transfers from the UK and inter-Allied cooperation with the USA brought skilled expertise and vital funding to Canada, resulting in true air power by 1945.

Stéphane Guevremont holds a B.A. in History (McGill) and a M.A. in War Studies (RMC). He has been teaching History since 1987 and is completing his doctoral studies at the U of C. He also comments military affairs on CBC Radio.
